

The background of the entire advertisement is a photograph of a sheep pen. A person wearing a hat and dark clothing is seen from behind, herding a large group of white sheep. A black dog is also visible in the lower right corner of the pen. The top half of the image is partially obscured by a dark blue, ornate damask pattern.

Custom made carpets & rugs

Alarwool S.L. is a company from Spain, with more than 40 years of experience manufacturing custom made woven wool carpets for the hospitality industry. We specialize in Axminster, Face to Face, Wilton, and Hand-tufted rugs.

All our carpets are manufactured with 100% virgin wool or 80% wool and 20% nylon blend. Wool carpets are an age old tradition that has been used for thousands of years.

The benefits to wool carpet are its' natural resilience to recover from crushing, which keeps the carpet

looking new and fresher for longer periods of time,
natural ability to resist staining and soiling,
natural flame resistance, durability and comfort.

For performance measured over time, wool products are low in cost and high in value.

The carpet that Alarwool S.L. produces is manufactured to meet our customer's design specifications with the highest quality of craftsmanship in the market and also to bring you cost savings.

All the carpet and rugs that we manufacture are custom made; we do not keep an inventory or have any running line.
